

Dr. Rosa Filgueira Vicente

Vice President Applied Research
JPMorgan Chase
University of Edinburgh , Edinburgh, UK

December 23, 2020

Email: rosa.filgueira.vicente@gmail.com

Professional Experience

- **Current position:** Vice President (Applied Research) at JP Morgan Chase Co., UK, since October 2020
- Research Fellow, University of Edinburgh, UK, since June 2019 - October 2020
- Data Architect, University of Edinburgh, UK, since March 2018 - May 2019
- Senior Data Scientist, British Geological Survey, Edinburgh, UK, since October 2016 - February 2018
- Senior Research Associate, School of Informatics, University of Edinburgh, June 2011 - October 2016
- Research and Teaching Assistant, University Carlos III Madrid, Spain, September 2005 - September 2010
- Software Developer, Soluziona, Enterprise Consultancy, Spain, June 2004 - September 2004

Education

- PhD in Computer Science, University Carlos III Madrid, Spain, September 2010
- Master of Technology in Computer Science, University Carlos III Madrid, Spain, July 2007
- Master in e-Commerce, University Carlos III Madrid, Spain, July 2004
- Master of Computer Science, University of Deusto, Spain, June 2003
- Bachelor of Computer Science, University of Deusto, Spain, June 2001

Visiting Positions and Consultancy Experience

- Research Visitor, ISI, University of Southern California, US, October 2017 - December 2017
- Honorary Research Fellow, School of Informatics, University of Edinburgh, UK, since January 2017
- Research Visitor, ISI, University of Southern California, US, March 2016 - May 2016
- Consultancy Services for Accelogic company, US, August 2014 - April 2016
- Research Visitor, AIST, Informatics Technology Research Institute, Japan, July 2013 - July 2013
- Research Visitor, EPCC, University of Edinburgh, UK, February 2011 - October 2011

Research Expertise

- *City Region Deal Text and Data Mining*: funded by the Edinburgh and South East Scotland City Region Deal 2019-2020 – role: improving our distributed, scalable and easy-to-use text data mining tools for enabling digital humanities research using the extensive digital collection of the National Library of Scotland
- *Graph-Based Data Federation for Healthcare Data Science* : funded by the UK Research and Innovations Industrial Strategy Challenge Fund, 2019 – role: prototyping a cloud-base architecture for the knowledge driven phenotype computation framework developed within the project

- *A Shared Data Repository for Genomics Data In Scotland*: This was a collaboration between the NES Digital Service (for which I was seconded) and the Scottish Clinical Genetics Laboratories, 2019 – role: exploring opportunities for creating shared data repository for clinical genetics laboratories in Scotland, and scoping the architecture necessary for such repository
- *Living with Machines*: funded by UKRI's Strategic Priorities, 2018-2023, GBP 9.2 million – role: developing new scalable tools for complex text mining analysis by using distributed systems and NLP processing techniques
- *Delivering Agile Research Excellence on European e-Infrastructures (DARE)*: funded by EU H2020, 2018-2020, EUR 2.9 million – role: empowering domain experts to invent and improve their methods and models by providing a new cloud-based platform and a working environment
- *Bioexcel*: funded by EU H2020, 2018-2019, EUR 4.7 million – role: benchmarking two computing intensive Spark-based tools to measure their performance under different settings and computational infrastructure
- *GCRF-REAR*: funded by NERC Global Challenges grant, 2016 – 2017, GBP 198,904 – role: helping to understand how mobile technology can be used to collect aftershock hazard information
- *ENVRIplus*: funded by EU H2020, 2015 – 2016, EUR 7 million – role: capturing the requirements and delivering common data functionalities for 20 pan-European marine, atmospheric, biological and solid-Earth ESFRI endorsed Research Infrastructures
- *VERCE*: funded by EU FP7, 2014 – 2015, EUR 4.6 million – role: a) implementing stream-based data-intensive seismic applications with `dispel4py` and b) optimising them at run-time by applying different adaptive techniques
- *EFFORT*: funded by UK NERC, 2011 – 2014, GBP 526,969 – role: to design and implement a) a new science gateway for Rock Physicists and Volcanologists and b) a new Python toolbox (called *Varpy*) to analyse volcanic and rock physics data

Track Record of Research Funding

- *COVID-19 Response Recovery Small Grant Funding*, DDI grant, 2020, GBP 10,000
- *Text and Data Mining*, DDI grant, 2019, GBP 133,000
- *Two Postdoctoral and Early Career Researcher Exchanges (PECE)*, SICSA grants, 2017/2015, GBP 7,500 and GBP 13,580
- Co-I, *OII: Observation Imaging and Interpretation*, UoE grant, 2016 – 2017, GBP 3000
- Co-I, *SKA-Link: Combining knowledge to pioneer big-data solutions for SKA*, CSIC grant, 2016 – 2018, EUR 26,000
- *Driving UK HPC enabled science and innovation through US collaborations to SC14*, New Orleans, 2014, GBP 2,500
- Two *HPC-Europa2 PRACE* grants, 2011, GBP 6,000

Awards and Scholarships

- International HPC Summer school student travel award 2016, Ljubljana, Slovenia
- Student travel award, TCPP PhD Forum at IPDPS, Miami, USA, 2008, USD 500
- Best poster award, SACSIS 2012, Kobe, Japan, 2012
- Scholarship for Doctoral Training Programme, University Carlos III, Madrid, Spain, 2005, EUR 12,000

Teaching, Supervision, Hosting, Training and Examination Experience

- Hosting three HPC-Europa3 visitors at University of Edinburgh, from 2019
- Co-Supervision of three PhD students at University of Edinburgh, since 2015
- Co-Supervision of two PRACE Summer of HPC (SoHPC) students at University of Edinburgh, from 2017
- Supervision of 13 MSc students at University of Edinburgh and University Carlos III, from 2006
- Supervision of six Open Science Data Cloud (OSDC)-PIRE students, at University of Edinburgh, since 2012 to 2015
- Teaching Assistant at University Carlos III of Madrid, from 2005 to 2010
- Coordination and preparation of ten training courses, since 2014
- Examined six external PhDs, since 2012

Community Service

- Reviewer for the *MAESTRO* project funded by the European Commission under the *Future and Emerging Technologies initiatives* in H2020, since February 2020
- Expert external evaluator for *EU H2020-ICT* proposals, 2019
- Lead author of *The data-driven geoscience platform* research line for the BGS Informatics Science Directorate, February 2017
- Participation in the *SC Mentor-Protege Program* as a mentor, Super Computing, Salt Lake City, US, November 2016
- Reviewer for the *EXCAPE* project funded by the European Commission under the *Future and Emerging Technologies initiatives* in H2020, from May 2016 to September 2018
- Participation in the *European eXtreme Data and Computing Initiative (EXDCI)* as an expert in the field of *Weather, Climatology and Solid Earth Sciences*, since May 2016

Workshops Organizer, Programme Committee Memberships and Journal Reviewing

1. Co-chair for the 15th Workshop on Workflows in Support of Large-Scale Science (WORKS20) at SC2020, 2020
2. Invited speaker's chair for Women in HPC at ISC2020, 2020
3. Programme committee member for the 12th International Workshop on Science Gateways, 2020.
4. Co-organizer of the session Data-Oriented and Self-Optimizing Architectures and Workflows for Earth, Space and Climate Science Applications, AGU, 2019
5. Co-chair of the Bridging from Concepts to Data and Computation (BC2DC) workshop collocated with the IEEE eScience, 2019
6. Programme Committee member for the SC19 edition of the Women in HPC workshop, 2019
7. Programme committee member for the IEEE eScience conference, 2019
8. Programme committee member for the 11th International Workshop on Science Gateways, 2019

9. Co-organizer of the session Data-Driven Platforms and VREs for Complex Earth, Space, and Environmental Science Applications, AGU, 2018
10. Programme committee member for the 10th International Workshop on Science Gateways, 2018
11. Reviewer for the Journal of Frontiers of Information Technology & Electronic Engineering, 2017
12. Poster Committee Member for the IEEE Conference on Cluster Computer, 2016
13. Reviewer for the IEEE/ACM International Symposium on Cluster, Cloud and Grid Computing (CCGrid 2016) Conference, 2016
14. Programme committee member for the TPD 2016 on Reproducible Open Science Workshop, 2016
15. Programme committee member for the first International Workshop on Interoperable infrastructures for Interdisciplinary Big Data Sciences (IT4RIs 15), 2015
16. Programme committee member for the ACM Conference on Service-Oriented Architectures and Programming (SOAP 2015), 2015
17. Programme committee member for the IEEE Conference on International Symposium on Parallel and Distributed Processing with Applications (ISPA 2013), 2012 and 2013
18. Reviewer for the Journal of Systems and Software, 2013
19. Reviewer for the Journal of Simulation Modelling Practice and Theory, 2013
20. Reviewer for the IEEE Symposium on Computers and Communications (ISCC 2010) Conference, 2010

Selected Publications

- **Journal Articles**

1. Iraklis A. Klampanos, Chrysoula Themeli, **Rosa Filgueira**, *et al.* *DARE Platform: a Developer-Friendly and Self-Optimising Workflows-as-a-Service Framework for e-Science on the Cloud*. The Journal of Open Software, October 2020.
